Updates

December kept our Events and Apparatus teams busy by participating in many events throughout Orange County.

In January, we kicked the year off with a work "party" at the hangar to sort through and take stock of some of our valued treasures.

We became a member of the the Irvine Chamber of Commerce as a step toward connecting with businesses in the City of Irvine.

Don Croucher had a meeting with Mayor Khan (Irvine) to request that we be a part of the Great Park Framework Plan to assist with our fundraising efforts. We will be on the GP Board Agenda for the meeting on February 27.

Coming Soon: New Website and Social Media Accounts

The initial launch of the new website is scheduled to go live February 7, 2024. Our current website will point to the new URL. As with anything new, it will be bumpy in the beginning. We appreciate everyone's patience as we continue to improve, build content and add to the website. We encourage our members to please follow our official social media channels (look far right to find the handles).
