1935 Chevrolet Donation

November Event

Randy Marsile (Board Member), attended the Mission Viejo Tree Lighting event on November 26. He represented our valued partner, Orange County Fire Services Association, and drove E911, also known as “Big John 2”. For those that may not know, this rig is dedicated to the wishes of, and the memory of Monsignor John Sammon, a long-time advocate and supporter of the California Fire Museum.

December has everyone hopping. There are numerous events that we are attending that will be reported in our December Newsletter!

Apparatus Updates

Let’s start with the exciting news first! On November 30, a team of our volunteers traveled to Beverly Hills, CA, to accept a donation of a 1935 Chevrolet fire truck. The rig is pictured at the top of this page and is now safely tucked alongside our other rigs in the storage facility. Our talented mechanics will have it operational as soon as possible.

Updating our Newsletter look

The California Fire Museum and Safety Learning Center is updating the look of our Newsletter and we appreciate your patience as we navigate through this new space. We know our members are busy and want to focus on providing concise information with a broad overview of the previous month’s activities and “happenings.”
